Get water out of the channel and onto the landscape.

Get water off the landscape and into the channel.

And in Alaska, it's about resource extraction.

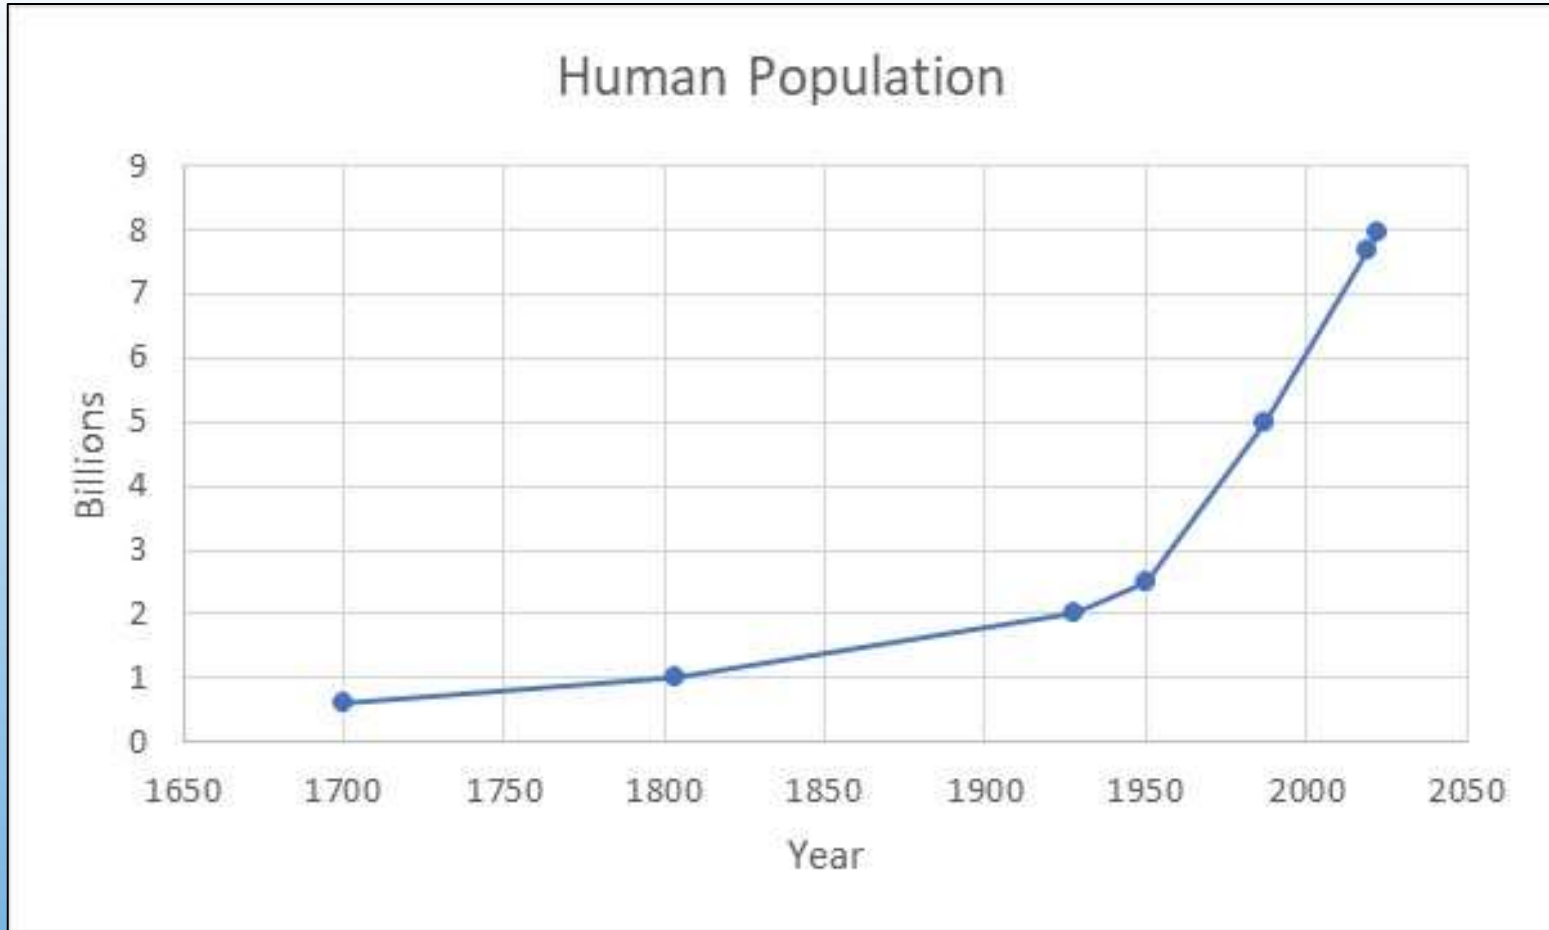

Channelization
and dams are
ubiquitous.

The result of this vision has led to an increase in global extinction rates.

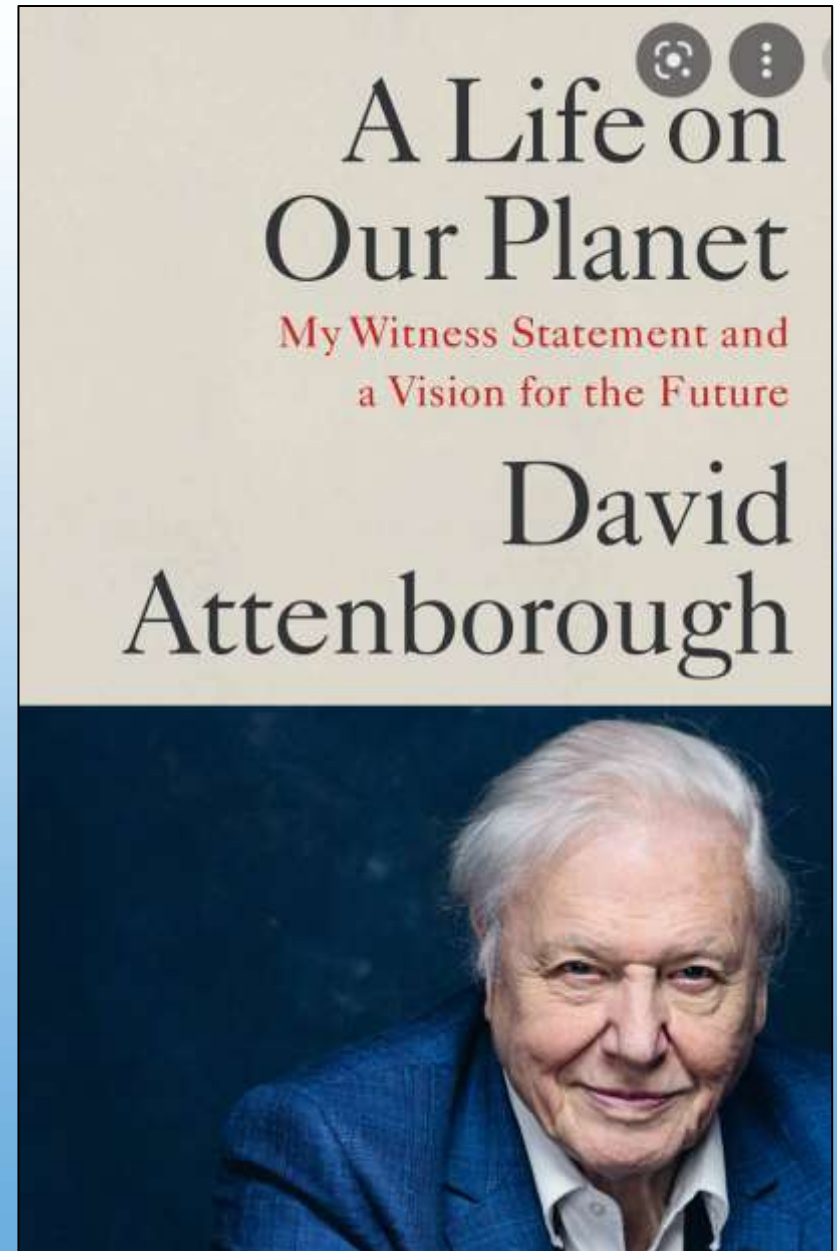

Animal Group	Conservative extinction rates since 1500 over background	Conservative extinction rates since 1900 over background
Vertebrates	15	53
Mammals	20	55
Birds	15	34
Reptiles	8	24
Amphibians	22	100
Fishes	12	56

I am not Thanos

A hope is that there will be a greater focus on all animal species that use the river corridor.

A Vision for the Future

Vision Statement

An aspirational statement made by an organization [or person] that articulates what it would like to achieve.

What I've heard you say

Our vision is to restore free-flowing rivers that are connected to their floodplain with extensive lateral and longitudinal connectivity, supporting habitats for diverse flora and fauna.
